

The Federalist

*** FROM THE NATIONAL TRUSTEE ***

Healthcare is a reflection of the communities we serve, and the past two years have been a roller-coaster for all of us. But the disruptions we faced highlight the importance, fortitude and

perseverance of our dental teams. During this time AGD continued to evolve and find ways to support its membership

and sustain value. The AGD has been at the forefront of developing ideas and creating policies keeping our staff and patients safe. No doubt, we've always known the value of working together, but the pandemic and lessons from the past two years have reinforced the importance of our strength in numbers. I'm confident with our collective focus we can prevail.

Since becoming a Trustee in November, there have been a lot of changes occurring within our organization. AGD has provided strong support for the Oral Health Literacy (OHL) and Awareness Act Bill, H.R.4555, that passed the House and now resides in the Senate (where it has referred to the Committee on Health, Education, Labor and Pension). Our past president, Dr. Cassis, testified last year before the Energy and Commerce Subcommittee on Health regarding this bill which will allocate \$75,000 per year to get the OHL program up and running. AGD President, Dr. Botko, established stronger relationships with the Public-Private partners' network, headed by RADM Tim Ricks, and strengthened our alliances with the American Dental Association, American College of Dentists, Dental Trade Alliance and many others.

The second Board of Trustee (BOT) meeting was held at the AGD's headquarters in March and some of the significant highlights included the hiring of a new Vice President of Finance, Cameron Hawkins, and Director of Meetings, Lauren Spencer. Mr. Cameron is the former director of finance of the American Medical Association and chief financial officer of the American Dental Hygienist Association with corporate experience with Duetschce, Direct Alliance Corp and Office Depot. The interim team of Julie Thompson and Kim McBride will ensure a smooth transition and finish work on critical projects. Ms. Spencer comes from the American College of Healthcare Executives. She has an extensive background and experience in the healthcare meetings industry, strategy, marketing and member services. Our interim Director of Meetings, Jennifer Hopkins, has already began a smooth transition since Lauren's arrival in March. The AGD enthusiastically welcomes Mr. Hawkins and Ms. Spencer knowing they will be great assets to the organization.

It's hard to believe the Scientific Session is right around the corner. This year's meeting is again a hybrid format, including a virtual package; course registration is now open. Although the early bird rate ended April 30th, a benefit for federal services members is the set rate of \$199 even if registering onsite. The meeting will be in Orlando, July 27-30, at the Rosen Shingle Creek Hotel. To obtain the hotel government rate, visit the AGD website and click on AGD2022 Course Registration where you find a link. Please join us for the Region 17 Social and time of fellowship on Friday, July 29th at 5 p.m. at the Headwaters Lounge onsite. I hope to see you there!

As always, if you have any ideas, questions, or concerns for the AGD or our region and are interested in getting involved with leadership let us know. Thank you for all you do for Region 17, organized dentistry and your contribution to the general dentistry profession.

LTC Demarcio Reed, USA, DC

*** Regional Director's Comments ***

I would like to first welcome our new members who recently joined and thank our current members who continue to be part of the AGD

and Region 17. In my last article, I described the benefits of membership so I wanted to highlight a few successes and future initiatives. A few months ago, I sent an email blast to all members advertising the opportunity to attend the AGD Leadership Symposium held in

Chicago on April 1st and 2nd. We had an overwhelming response with nine members of our region being competitively selected for the \$500 AGD stipend and the \$500 Region 17 stipend which covered all expenses for most of the attendees. Our region had the most participants and had the opportunity to meet AGD leadership and learn about governance at a strategic level. We were also able to take advantage of another membership benefit by networking with AGD members and having a Region 17 sponsored dinner at a famous deep dish pizza Chicago restaurant.

The selected individuals included:

Matthew Stratmeyer (Air Force)
Fahana Khan (VA)
Kate Chiodo (Navy)
Kandis Williams (Navy)
Nick Wilson (Army)
Chris Jordan (Air Force)
John Jenista (Navy)
Jonathan Negron (Navy)
Richard Huot (Air Force (ret))

At the Region level, we are also focusing on our greatest member benefit which is continuing education. I'm happy to announce that we now have established a Region 17 Continuing Education Committee and I would like to congratulate LCDR Kate Chido (Navy) who was selected at our first chairperson. Our

goal is to offer more continuing education opportunities at the region level.

I would like to also encourage attendance at the AGD Scientific Session in Orlando, Florida, July 27th to July 30th. They have a full range of speakers scheduled with interesting topics planned. As in past years, Region 17 will be sponsoring the Fellowship Review Course with MAJ Nick Wilson serving as Course director. I congratulate him and all of the speakers on their service to the AGD. The Navy will also be hosting this year's Social on July 29th so we look forward to connecting with everyone at the meeting. Please RSVP for the Region 17 Social at <http://evite.me/fmvjMQhKT>.

Lastly, if you would like to have a more active role with Region 17 and the AGD, I ask you to send an email to your constituency president and ask how you can become more involved. We have plenty of opportunities at every level, but you have to take that first step. Looking forward to meeting everyone in Orlando.

With Appreciation,

Col Amar Kosaraju, USAF, DC

LTC Jim Giesen

President's Message

Guten Tag from Germany! Since I last wrote I made the transition from Pennsylvania, across the Atlantic, to the Rhineland-Pfalz area of Germany, home to the U.S. Army Landstuhl Regional Medical Center.

Throughout all the chaos and jetlag of an overseas move, I was reminded how valuable it is to be able to access the benefits of the Academy of General Dentistry, and the Army AGD, no matter where in the world a military dentist might happen to be stationed. As part of our constituency efforts to increase accessible continuing education opportunities to our members, each webinar we host is placed into the Army AGD library to view in case a member isn't able to watch live. In order to receive credit hours, just watch the recorded webinar, take a short quiz, and submit the quiz to our webinar team and you will receive your certificate. This is a great benefit for those who may have time conflicts with the regularly scheduled events. Members may view the library and the available courses at www.armyagd.org.

The AGD Annual Scientific Session is just around the corner, being held July 27th to 30th at the Rosen Shingle Creek Resort in Orlando, Florida. If you haven't yet made your plans to attend, I would recommend you hurry to www.agd.org to view the available courses and lock in the best travel accommodations. This will be a great opportunity to connect with colleagues and take in some great in-person continuing education. There are still many courses open to register for, with a wide range of topics fitting the needs of dentists of all experience levels. Two of our own Army AGD members will be speaking at this year's session. Be sure to check out lectures provided by MAJ William Belknap and LTC Michael Hoffman. Best of luck to both of you!

Continuing a long tradition, the Army AGD will host its annual Breakout Session at 5 p.m. on Friday July 29th at the Rosen Shingle Creek Resort Hotel. Our guest speaker for this year will be COL Michael Evans, comprehensive dentist, and current Commander, U.S. Army Regional Dental Command-Atlantic. We are excited to hear from COL Evans and look forward to his remarks. Additionally, we will recognize our members receiving their FAGD and MAGD at this year's conference.

Congratulations to the following dentists for earning their Fellowship award: Michael Browning, Quoc Dang, Christopher Cetnar, Jesse Thietten, Allen Davis, Mahmoud Al-Dajani, Stephanie Helmus, Jamie Greenwell, Jasmine Im, Caroline Mikaloff, Cori McClatchey, Nicholas Wilson, Sewhan Kim, Martin Smallidge, Noah Christopher, Ryan Allred, and Thomas McCabe! In addition, a very special congratulations to Stephanie Price who is earning her Mastership award this year! We hope you will all plan to attend our Breakout Session so we can recognize each of you. For the latest location and details on the session, please check out our Facebook and Instagram pages closer to the event.

Following the Army session we will transition over to the Region 17 Social held at the nearby Headwaters Lounge. Join your military and federal service AGD colleagues for a fun evening!

No matter where in the world you are, if you would like to become more involved with the Army AGD, or the AGD as a whole, please reach out to me any time at president@armyagd.org. We are always looking for volunteers who want to help give back to their profession.

Be safe and looking forward to seeing you in Orlando!

CDR Josh Henson

President's Message

Greetings from Norfolk, Virginia! The summer is always an exciting time as many of us are transferring to new destinations or assuming new leadership positions within our commands.

For those of you who are retiring or separating, thank you for your service!

◆ Scientific Session / Region 17 Social

The Academy of General Dentistry's Scientific Session is almost upon us. The meeting this year is located in sunny Orlando, Florida, July 27-30. Look out for some of your Navy constituent officers who will be in attendance. They have distinctive uniforms, so you can't miss them. You can register here for the meeting at: <https://registration.experientevent.com/showAGD221>.

I'm proud to announce that the Navy will be hosting the Region 17 Social on 29 July at 1700 at the Rosen Shingle Creek Hotel near Tobias Burgers and Brew. We hope to see many of you there. Updates can be found on the Navy AGD Chapter's Facebook page.

◆ Elections

I would like to be the first to congratulate LCDR Kate Chiodo on being elected President-elect of the Navy AGD!

Navy AGD still has a number of unfilled positions within our constituency. We are looking for motivated officers to assist us as Regional Champions. If interested, please reach out to CDR Geller. More information will follow; check your email and our Facebook page for more information.

◆ Continuing Education/Training

Fellowship and Mastership are great ways to reflect your drive to continue evolving your dental practice. A few tips to achieve these milestones: 1) maximize your membership with AGD. Utilize the CE library, depending on your membership you can obtain free CE annually. 2) Attend Region 17 webinars that provide four free, military-focused continuing education events annually. 3) Ensure proper uploading of certificates. If a course was listed as "participation," make sure you receive participation credit. This is key for achieving Mastership. 4) Are you an educator? You are eligible for additional CE annually for your time on the clinic floor and/or for presenting lectures. 5) Successfully challenge the FAGD exam. We continue to offer scholarships to Navy constituents to support their efforts to attain fellowship with 50% of the exam fee. As a reminder, the AGD free on-demand course offerings in their CE library.

◆ Membership Corner

Please confirm you are listed as "Navy" in AGD records by accessing your profile at: www.agd.org/member-center/my-profile. Your constituent's name is located here. If 'Navy AGD' is not listed, please email the membership office at membership@agd.org to correct this. Don't forget to follow us on Facebook at "Navy AGD" and on Instagram at "AGDr17n" for updates.

It has been an honor serving you all as your Constituency President, but it is time for me to move on and I'm excited to see where CDR Jared Geller and the next group of officers takes us over the next two years. Safe travels and I will see you all out there soon.

The Air Force Flyer

Lt Col Chris Jordan

President's Message

Greetings from Cape Canaveral and Patrick Space Force Base! We are gearing up for an historically busy launch schedule over the coming weeks, and the medical Readiness mission never stops.

Since the publishing of the last *Federalist*, several of Region 17's members took the opportunity to attend the AGD Leadership Development Symposium in Chicago, April 1st and 2nd. The meeting was a fast-paced 2-day course that allowed attendees to learn more about the AGD's mission and how to host events, participate in advocacy, and most importantly, develop and motivate our members and the teams we work with every day. I highly recommend you volunteer to attend the course next year, especially if you're new to flight or squadron command and looking to hone some of those strategic planning skills.

Summer is an invigorating and somewhat chaotic time for many. It's PCS season, which brings the challenges of staff turnover, new responsibilities, and a change in team dynamics in virtually every dental treatment facility. Occasionally, we are reminded that with growth and development, we are presented with many opportunities, some of which we seek, and others that are presented to us. Part of what makes military life interesting is the readiness component and being prepared to meet challenges that are completely unexpected. In my current squadron, we will have a significant number of hails and farewells to celebrate. As leaders, we

look forward to welcoming new members, setting goals and expectations, and inspiring them to achieve greatness. We are also excited for our proven staff to take on larger responsibilities at their next duty station. In a way, departing each new assignment is like another graduation.

At the Scientific Session, the AGD hosts a Convocation Ceremony for members achieving Fellowship and Mastership. The Air Force Constituency has four new Fellows this year: Collin D. Holman, DDS, Joseph R. Winward, DMD, Teneshia S. Nelson-Hodges, and Sarah Wood, DDS. Many of our members have made a commitment to lifelong learning, which fits well with the AGD mission. We also want to congratulate all of our graduating residents, both AEGD-1 and Comprehensive Dentistry (AEGD-2). The freedom to exercise a new skillset and practice autonomously is always exciting. We salute you all!

As most of you are aware, we are almost exactly two months away from AGD 2022 in Orlando, Florida. In addition to world-class continuing education, there will be a plethora of social events. We have several members presenting the Fellowship Review Course scheduled for July 27th and 28th. On Friday, July 29th, there will be another great opportunity for us to connect with other members. As we progress through our careers, the value of networking and relationships is continually reinforced. Whether you're seeking a mentor, in search of a mentee, or just hoping to meet more professional colleagues, there isn't a better time or place than one of these socials. Take advantage! We look forward to seeing you there!

VA-AGD Stars And Stripes

Serving Those Who Have Sacrificed For Our Freedom

Dr. Juan Villafane-Hernandez

President's Message

Hi to all Region 17 AGD members:

Summer is here! Are you getting ready for this year's AGD Scientific Session in the Sunshine State? You should. Our meeting

will take place in Orlando, Florida at the Rosen Shingle Creek resort from July 27 to July 30. Hope to see you at the Meeting. We are planning to have a Breakout Session for the VA members; time, date and location will be sent by E-Blast and will be posted in the VA Dental Forum. This year the Region 17 Social will take place in the Headwaters Lounge, Rosen Shingle Creek resort on Friday July 29th at 5:00 p.m. Attire will be casual. The Region 17 Social is a way to meet other Region 17 members including your representatives in the HOD and enjoy everyone in a relaxed environment. Do not miss it; you are going to have a great time!!!

I want to congratulate the new Board members: Dr. Farhana Khan elected as Treasurer/ Secretary and Dr. Thomas E. Dundon as President. Please give them all your support. They are taking time from their personal and family life to serve all our VA AGD members.

This will be my last time writing this section in *The Federalist*. I want to say thank you Dr. Jennifer Fong for her service to Region 17 and the VA Constituency. My deepest gratitude to Dr. Joel Miller for his amazing job as Treasurer. Additionally, a very special thank you to Dr. Maharukh Kravich for your support, mentorship and friendship. Participating in the organized part of dentistry, especially with the Academy of General Dentistry had been an amazing journey for personal and professional growth. I believe in the AGD mission and will support this organization in any way needed now or in the future. Volunteers are always needed; please step forward!

The Public Health Service News

CDR Philip Clark

President's Message

Hola' once again from the beautiful island of Puerto Rico; my wife and I are enjoying what looks to be the final year of our extended tour here. Hard to envision how fast time goes by.

We have been truly

blessed with the opportunities that service in the PHS has presented to us. Ten years ago I would have never guessed that we would be living and working in the Caribbean. We are both looking forward to what the future holds next.

This summer I will be finishing my term as the President of the PHS Constituency. It has really been an exciting journey getting to participate first hand in organized dentistry. I would like to thank CAPT Daniel Barcomb for encouraging me to apply for the President-elect position four years ago. Thanks also to CAPT Li-Kuei (*The Boss*) Hung, Immediate Past-President for her never-ending support and continued friendship.

I would like to welcome the constituency's next President CDR Ryan Guard, who I have enjoyed the opportunity to work with these last two years. I know Ryan is going to do an exceptional job as our new President. Congratulations to CDR Scott Eckhart, the PHS constituency's next President-elect. There were several very qualified candidates running this year for the President-elect position. Thank you to all that applied and I encourage you to continue to look for additional opportunities to become involved with the constituency and the AGD. Thank you again to Dr. Tequilla McGahee as you continue with your dedicated efforts as the constituent's treasurer. I could

always count on you to keep us out of financial trouble! CDR Robert Lummis will continue as our Membership Chair, thank you.

The AGD Scientific Session in Orlando Florida is just around the corner, July 27-30 and there is still time to register. With 77 total courses, including 22 hands on trainings, 6 learning labs, CE bundle packages, new dentist lounge, Keynote address by former NBA player Walter Bond and more, don't miss out! The Region 17 Social hosted by the Navy this year, will be held at the Headquarters Lounge, Rosen Shingle Creek, Orlando, Friday, July 29th at 5:00 p.m., casual attire. It's a great way to connect with old colleagues and make new contacts; hopefully you all can make it.

Since my last column we have had several new members join our ranks: Dr. Birgitta Warvarovskiy, Yankton SD, Dr. Isabel Liendo Lira, Port Townsend WA, Dr. Michael Nagui Kamel, Eweida ON, Dr. Christopher M. Kinslow, Stanwood WA, Dr. Rafaella Sampaio, Fort Myers FL and Dr. Aaron M. Davis, Klamath Falls OR. I would like to wish you all a very warm welcome aboard.

In closing if anyone has issues you think we should be advocating for, or are interested in becoming more involved in the AGD please contact me at prclark@gmail.com. Thank you to everyone for your membership and service to our great nation! It has truly been an honor to have served as your President.

LCol Joel Doucette

Royal Canadian Dental Corps Message

A deployment to Erbil
author: Master Corporal
Carla Prowse

As a Dental Technician of the Royal Canadian Dental Corps (RCDC), I had the opportunity to deploy as one of a two-member Canadian Dental

Team on Operation Impact (Op IMPACT) in Erbil, Iraq. I had the pleasure of working alongside Captain Parent (Dental Officer). Our mission under Operation Inherent Resolve was to provide emergency and urgent dental care to the members of the Coalition Forces throughout the northern Joint Operations Area. We delivered care to patients serving in the local Kurdistan region and from as far away as Syria.

The RCDC's Mobile Dental Clinic (MDC) has been in Erbil since November 2016 and the RCDC's deployed dental teams continued to work alongside the American Navy Expeditionary Role 2 Medical Unit. The majority of procedures performed included: root canal therapy, incision and drainage, extractions, restorations and re-cementing crowns. Along with dental emergency coverage, Capt Parent and I had an additional role to provide triage and expectant care to casualties during mass casualty (MASCAL) incidents. Thankfully, our team only participated in MASCAL training exercises and were never required to utilize this critical training.

During our rotation, there were some challenging cases that presented and our dentistry skills were put to work on a daily basis. We encountered some anticipated challenges such as language barriers; however, the environment in which we had to practise added to the challenges of providing care. Some additional hurdles included: limitations in radiographic capabilities, the reduced selection of dental materials and there was no dental lab available. However, as a result of our enthusiastic teamwork and our preparedness for deployment, these difficulties did not negatively impact our ability to provide a high standard of dental care to our coalition members.

Among all the challenges we faced during the deployment, my biggest one was on the personal side. I felt I was not able to contribute during the ups and downs of everyday life back home. However, I received continual love and support via emails, letters and care packages from loved ones which bolstered my enthusiasm every day. I very much appreciated these connections to life back in Canada. The support of our family had a huge impact on our contribution to the mission.

Shortly after arriving in theatre, we learned that the RCDC would not be continuing its presence in Iraq and our tour would be cut short in order to share this amazing experience with the members of the incoming Roto. The impending absence of a Canadian deployed dental team in Erbil was understandably received by coalition colleagues with mixed feelings. The Canadian dental team continued to be held in high regard and the contribution from all of the RCDC dental teams over many years provided a substantial contribution appreciated by so many. Consequently, our next task was to aid the Role 2 to prepare a dental emergency contingency plan. At the time, no other nation was selected to replace the Canadian dental team. The Canadian Camp Érable officially closed in Jan 2022. The few remaining Canadian Armed Forces members, proudly wearing the Canadian flag, were warmly welcomed by our American neighbours on their camp.

It was a privilege to serve during this deployment. Working in the MDC should be experienced by as many dental personnel as possible as it is important professional development. Captain Parent and I shared so many memorable moments. We will cherish the bonds we have created with our coalition colleagues. The RCDC can be proud of its contribution to Op IMPACT. The contribution of a two-person dental team may seem small in the big picture but the positive impact on the wellbeing of our patients is immense. We are proud to have represented the RCDC, the CAF and Canada during our deployment.

Master Corporal Carla Prowse, Dental Technician
1 Dental Unit Detachment
Winnipeg, Winnipeg, MB

The Academy of General Dentistry's Scientific Session at the Rosen Shingle Creek resort

This year's Scientific Session will be held July 27 - 30 in Orlando, Florida. This sheet includes a synopsis of events and activities that highlight the meeting. It has been compiled from: 1) AGD Website information and 2) inputs from Region 17 constituent officers. Be alert for any updates and schedule changes posted on constituent websites/Facebook/Instagram pages or through email!

◆ Wednesday, Jul 27:

Registration Open: 6:30 a.m. - 5 p.m.
Fellowship Review Registration: 6:30 - 7:30 a.m.
Fellowship Exam Review Course:
7:30 a.m. - 4:30 p.m.
Morning courses: 8 - 11 a.m.
Afternoon courses: 1 - 4 p.m.

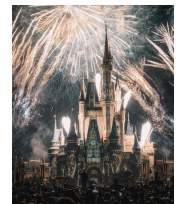

◆ Thursday, Jul 28:

Registration Open: 7 a.m. - 7:30 p.m.
Fellowship Exam Review Course:
7:30 a.m. - 5 p.m.
Morning courses: 8 - 11 a.m.
Exhibit Hall Open: 11 a.m. - 7:30 p.m.
New Dentist Lounge Open: 11 a.m. - 4 p.m.
Afternoon courses: 1 p.m. - 4 p.m.
AGD Photo Studio: 3 - 7 p.m.
Keynote Session: 4:30 - 5:45 p.m.
President's Reception: 5:45 - 7:30 p.m.

◆ Friday, Jul 29:

Registration Open: 7 a.m. - 5 p.m.
Fellowship Exam Review Course: 7:30 a.m. - 1 p.m.

3:30 - 4:15 p.m.
Doors Open - Convocation: 4:15
Convocation Ceremony: 4:30 - 6:30 p.m.
Convocation Celebration:

Immediately following the Convocation

E-mail change?

PCS or other move?

It is very important that you contact AGD when your E-mail address changes and/or you move. This will ensure that you receive your AGD publications and *The Federalist* newsletter in a timely fashion. Prompt notification also saves Region 17 and National AGD the cost of additional mailings.

You can make changes with AGD in one of several ways. You can call AGD's membership department at **1-888-AGD-DENT**, send an e-mail to membership@agd.org, update your profile on www.agd.org, or send your changes to **AGD, 560 W. Lake St., 6th Floor, Chicago, IL 60661-6600**. Be sure to include your member number and specify the Federal Service to which you belong. This will help prevent AGD from transferring you from your Federal Service constituent to the constituent of the state to which you are moving. It is **not** necessary to send changes to Region 17.

If you have any difficulties with your address change, send an e-mail to: martinsmallidge@gmail.com or call (315) 725-3473.

Thank you!
