

# R2C™ – The Root to Crown Solution

The endodontic CE solution from diagnosis through restoration

Each step of endodontically treating and restoring a tooth is connected. This course walks through each step of root canal therapy – with each building on the success of the previous phase. From diagnostic protocol through coronal restoration, learn techniques for clinical success at every step needed to take the patient out of pain, restore function to the tooth while maintaining the proper aesthetic, and enhance long term success.

## Learning Modules:

- Diagnosis and Treatment Planning  
*A complete understanding of the factors of each case*
- Endodontic Access  
*Creating a proper access cavity is critical*
- Antibacterial Dressings  
*Inter-appointment medicaments and temporizing teeth*
- Shaping Utilizing the Most Advanced File Technology  
*Choices for imparting an appropriate shape to the canal*
- Irrigation  
*Importance of removal of infection-causing bacteria*
- Obturation  
*Pros and cons of sealers and obturation techniques*
- Coronal Restoration of the Endodontically Treated Tooth  
*Choosing between direct vs. indirect restoration*

**Saturday, September 22, 2018**

8:00 a.m.- 5:00 p.m.

Registration begins at 7:30 a.m.

Lunch from 12:00-1:00

**CE Credits: 7 Participation**

Approved PACE Program Provider

FAGD/MAGD credit approval does not imply Acceptance by a state or provincial board of Dentistry. AGD Endorsement 1/1/2016-12/31/19

## Featured Speaker: Dr. Karl Woodmansey, DDS

Dr. Karl Woodmansey has been an active contributor to the dental profession, both locally and nationally. He has achieved "Fellowship" in the Academy of General Dentistry, the Academy of Dentistry International, the American College of Dentists, the International College of Dentists, and the American College Health Association. He is also a board-certified "Diplomate"

of the American Board of Endodontics. His research interests are broad, with emphases in clinical applications of technology. Dr. Woodmansey earned his D.D.S. from Baylor College of Dentistry in 1989. As a general dentist, he was employed as the Director of Dental Services for the Montana State University Student Health Service from 1991 to 2006. After 17 years of general dental practice, he returned to Baylor to complete a Certificate in Endodontics and in 2011, he accepted a full-time faculty appointment at Baylor College of Dentistry. Dr. Woodmansey is currently the Program Director for Graduate Endodontics at Saint Louis University.
