Management of Extraction Socket Implants In The Esthetic Zone (Follow up to Dr. Tarnow Last Year)

Course Objectives. (See MTAGD.org):

- Understand the treatment time and survival rates associate with immediate protocols .
- The prosthetic and biologic impact on hard tissue buccal contour change and peri-implant soft tissue thickness .
- Prosthodontic innovations in provisional restoration fabrication
- Management of implants placed into extraction sockets with dehiscence defects.

Stephen J. Chu, DMD, MSD, CDT

Stephen J. Chu is an Adjunct Clinical Professor at New York University College of Dentistry in the departments of periodontology, implant dentistry, and prosthodontics. He maintains a private practice in fixed prosthodontics, esthetic, and implant dentistry in New York City. Dr. Chu has contributed over 80 publications in the dental literature and has given lectures nationally and internationally on the subjects of esthetic, restorative, and implant dentistry. Dr. Chu is the executive editor of Compendium and is the recipient of several awards from professional dental organizations.

Differential Diagnosis of Oral Lesions & Medical Emergencies in the Dental Office
Using Audience Response Polling - Very Interactive

Course Objective Highlights. (See MTAGD.org):

- A practical and useful review of the diagnostic terminology and sequence necessary to formulate a differential diagnosis.
- Appreciate practical methodology to help refine clinical diagnoses.
- *Multiple Diagnostic Cases will be presented.*
- Participants will leave with enhanced medical knowledge along with simple approaches that can provide life-saving skills.
- *Real Emergency Scenarios will be Presented.*

John Alonge, DDS, MS

John Alonge Dr. John Alonge is a Diplomate of the American Board of Oral and Maxillofacial Surgery, and the National Dental Board of Anesthesiology currently in private practice in Erie, Pennsylvania. After graduating from the University of Maryland with numerous awards and honors, Dr. Alonge was selected for the US Air Force General Practice Residency Program. His assignments in the Air Force include Chief of Outpatient Oral Surgery, Oral and Maxillofacial Residency, and Oral Surgery Training Officer. After leaving the Air Force, Dr. Alonge entered private practice in 1994. Dr. Alonge has extensive experience in all subspecialty areas such as dento-alveolar surgery, dental implants, corrective jaw and facial surgery. Dr. Alonge has lectured regionally, nationally and internationally and is a member of the Examination Committee for the American Board of Oral and Maxillofacial Surgery. He serves as a clinical instructor for the LECOM School of Dental Medicine Erie Outreach Clinic.
