## Aesthetics & Occlusion

### COURSE OUTLINE

Aesthetically pleasing restorations take a lot of effort to place them properly and provide proper function with no postoperative problems. Modern materials are being developed every year that can simplify our restorative care when diagnosed and treatment planned properly. By performing a thorough diagnosis of the occlusion prior to treatment planning it will allow clinicians to avoid future complications and costly failures. The objective of this lecture is to present a predictable and systematic approach to occlusion and aesthetic restorations that will enable clinicians to achieve consistent quality results.

### **Learning Objectives:**

- Understand how to diagnose and sequence treatment to have the best aesthetic and occlusal outcome.
- Know when occlusal problems are present and how to address them so that the condition is not worsened.
- Understand what types of restorative material to use based on their material properties.
- Eliminate adjustments at cementation.
- Fast and efficient temporaries every day.
- Simplified impression techniques.
- Cementation of indirect restorations

Dr. Todd C. Snyder received his doctorate in dental surgery at the UCLA School of Dentistry and trained at the F.A.C.E. institute for complex gnathological (functional) and temporomandibular joint disorders. Dr. Snyder is the 77th Accredited Fellow of the American Academy of Cosmetic Dentistry and is a Fellow of the International Academy of Dental Facial Esthetics. He is also a member of the American Society for Dental Aesthetics and a Diplomat of the American Board of Aesthetic Dentistry. Dr. Snyder has been on the faculty at U.C.L.A. where he helped create and co-direct the first (in the world) two-year graduate program in Aesthetic and Cosmetic Restorative Dentistry. Dr. Snyder lectures both nationally and internationally on numerous aspects of dental materials, techniques, equipment, marketing, technology & business. He is a consultant for numerous dental manufacturing companies. Dr. Snyder has been published and featured in many books and dental journals worldwide. Dr. Snyder owns a software company and an online dental training program [www.Legion.Dentist](http://www.Legion.Dentist). Dr. Snyder is also a professional race car driver and entrepreneur. He practices Cosmetic and Restorative dentistry in Laguna Niguel, CA and Las Vegas, NV.
