

WHY YOU SHOULD TAKE THE IMPLANT MAXICOURSE

- 21 clinical sessions for participants to treat their own patients. More clinical experience than any other implant program in Canada.

PLUS

- 2 days of hands-on labs
- 3 days of cadaver training with anatomy review and mock surgeries

....

- In depth review of surgical and restorative protocols
- Non commercial course covering the spectrum of implant types and systems
- Use of multiple implant systems on the course
- No implant system purchase required
- Excellent review of fundamental sciences and comprehensive treatment planning
- Practice management module to market your implant practice
- Online mentorship throughout the program
- Clinical sessions are differentiated according to the previous experience and educational requests of the participant. Sessions will be tailored to focus on surgical, prosthetic and/or advanced techniques as required by the participant to maximize their educational experience.

....

- Meets and exceeds the “New Guidelines” – “Educational Requirements & Professional Responsibilities for Implant Dentistry”
- Credit for Fellowship and Mastership in the Academy of General Dentistry
- Multiple distinguished faculty members to provide a broad perspective on implantology
- 12 month membership in the American Academy of Implant Dentistry
- Subscription to the **Journal of Oral Implantology, AAID News, Implant Insights, Digital Newsletter**
- Course participants will be eligible to take the Part 1, AAID Associate Fellow exam (Application fee of USD 1050 is not included in the tuition. This fee covers Part 1 and 2 of the Associate Fellow exam)

WHAT STUDENTS ARE SAYING ABOUT TI-MAX

“ This course is a must for every GP who is inspired to perform the best implant dentistry. I have taken many implant courses, and **this one was by far, the best.** ”

Dr. Weidong Pei Hon. BSc PhD

“ Although I had been restoring implants for 15 years, I had not placed a single implant in my own office prior to my TI-Max Ontario course. At course conclusion I was fully prepared to pass the AAID written exam for Associate Fellowship and have placed more than 50 implants in my office in the first 9 months following completion of the course. **The Ontario Implant Maxicourse course has been the best return on investment of any CE course I have ever taken.** The content of the program and accessibility of the instructors was incredible. I would highly recommend this program to anyone wanting a comprehensive surgical and didactic learning experience in implant dentistry. ”

Dr. Kathleen M Casacci FAGD

“ I have taken a myriad of implant courses with my first implant placement in 1997. **The Implant Maxicourse** has delivered the finest and most comprehensive dental implant course that I have experienced. **It is a true residency calibre course.** ”

Dr. Carmelo Domenicucci MSc PhD

“ This program is very well set up and organized. Dr. Arvanitis & Dr. Stewart are truly outstanding teachers, providing a huge amount of information in a very easy to understand way. By Far, the best most comprehensive enjoyable implant program around. Amazing! ”
