Efficient Fundamental Dentistry: Pathways to Procedural Mastery in 'Bread and Butter' Dentistry

COURSE OUTLINE

In today's dental practice, 40% of revenues come from crown and bridge procedures. In addition, a staggering 45% of all billed direct restorative procedures are Class II's!

The goal of this course is to teach efficiency while imparting competency in these key areas: the single-unit crown and posterior composite dentistry. By course end, the audience will be able to select appropriate indirect materials and the glues we choose to hold them.

Furthermore, attendees will be able to utilize knowledge of the newest direct restorative materials to perform and restore more competently and efficiently. Clinical tips and brand suggestions will be included.

Learning Objectives:

- Review principles of tooth preparation
- Learn current methods for tissue management and impressioning for crowns and bridge
- Review the latest array of indirect material choices
- Learn proper cement selection
- Discuss adhesion and compare/ contrast 7 generations of dental adhesives
- Review criteria for properly placed matrix band and wedge and review matrix systems
- Shortcuts and pearls for composites success

Timothy M. Bizga, DDS, FAGD is a general dentist practicing in Cleveland, Ohio. His background in dentistry is lengthy and diverse. Once a former chairside assistant, he also worked as a dental lab technician, making his perspective unique among others in the field of dentistry. He received his DDS from the University of Michigan School of Dentistry, where he is also an Adjunct Clinical Assistant Professor. He is currently a member of the American Dental Association and a fellow in the Academy of General Dentistry. Dr. Bizga is a Certified John Maxwell Speaker/Trainer/Coach, a certified DISC profile trainer, clinical consultant for The Dental Advisor, and Director of Education at Smile Source. Dr. Bizga gives back to the community via dental missions around the world.
