

PROGRESSIVE ORTHODONTIC SEMINARS

Toronto

Improve Your Patient Care With
THE WORLD'S #1

ORTHODONTICS CE Program

8000 Graduates in 44 Locations and Growing!

TOP REASONS GPs LEARN COMPREHENSIVE ORTHODONTICS

1 IMPROVE CARE

Most dentists view comprehensive orthodontic education as essential to increase their professional knowledge, skills, and care. Better understanding tooth movement and malocclusion not only improves your ability to evaluate orthodontic cases, but transforms how you see all of your cases.

2 BOOST PROFITS

The national average fee for orthodontics is over \$4500. Providing orthodontics to your clients can dramatically increase your practice revenue, with no additional marketing costs. As a student, it is common to add over \$90,000 of income to your practice while you are still in the program.

3 MEET PATIENT DEMAND

About half the doctors that choose to learn comprehensive orthodontics say that their patients requested them provide this needed service.

Use a comprehensive orthodontic system to transform your care and add **\$120,000 CAD** in income

CASE ACCEPTANCE WORKSHOP with Dr. Mark Kwon

How do you get patients to say “YES!”?

“Dr! I just want upper front teeth.
I don't want to lose any other teeth.”

CONTENTS:

- Building a “value-driven” practice
- “Solution-driven” Implant Therapy
- “Blue-ocean” vs. “Red-ocean” strategies, Golden-rule vs. Platinum-rule
- What makes patient say “YES!”
- Applying the “six principles of influence”
- Patient profiling: psycho-social categorization
- Role of each staff members: “strong team leads to strong outcome”
- Creating a positive experience from the moment they walk through the door

Dr. Kwon is a full time clinician in his implant only practice, Chrysalis Dental Centre Vancouver. He has over 20 years of experience in implant dentistry who places over 1400 implants every year.

Mark Kwon, DMD
