Incorporating a New Reciprocating System (RECIPROC Blue) into Your Endodontic Practice

COURSE OUTLINE

This course provides a comprehensive guide for clinicians seeking to integrate a new reciprocating file system (RECIPROC blue) into their endodontic practice. Participants will gain an understanding of the principles, techniques, and clinical applications of reciprocating systems, enhancing efficiency, patient outcomes, and overall confidence in endodontic procedures.

Learning Objectives:

By the end of this course, participants will:

- Understand the fundamentals of reciprocating systems in endodontics.
- Compare reciprocating systems with rotary and hand instrumentation.
- Learn the clinical workflow and proper handling of the selected reciprocating system.
- Identify patient indications and case selection for reciprocating systems.
- Recognize potential challenges and troubleshooting strategies.

Hands-on demonstration of file usage on extracted teeth, resin blocks and plastic teeth. This course ensures participants feel confident and prepared to seamlessly incorporate the new reciprocating system into their practice, ultimately improving patient care and treatment efficiency.

Please bring extracted teeth with endo access completed with you

Dr. Jeff Coil received his undergraduate, dental and doctorate degrees from the University of British Columbia. He practiced general dentistry for 8 years and was a Clinical Instructor in Endodontics and Periodontics before obtaining his certificate in Endodontics at the University of Washington in 1993. Dr. Coil serves as a director on the American Board of Endodontics in addition to being a Graduate of the Endodontics program department in Oral Biological & Medical Sciences.

Dr. Coil serves as an editorial consultant for the Journal of the Canadian Dental Association and on the Scientific Advisory Board for the Journal of Endodontics. He is a past President of the Canadian Academy of Endodontics, and is a member of the British Columbia Society of Endodontists and the American Association of Endodontists. Dr. Coil is the mentor of the Northwest Endodontic Study Club and Seminar, and is currently the Director of the Graduate Endodontics Program, Department of Oral Biological and Medical Sciences, UBC.
