## Doctor, Why Are My Teeth Getting Shorter

### COURSE OUTLINE

This course will address the effect of parafunctional habits and exaggerated wear when acid is involved both extrinsically and intrinsically. It's just not the product or brand of treatment but an understanding of the etiology of the disease that makes the difference. This course will be an in-depth exploration of the issues and is designed for the doctor and staff.

### **Learning Objectives:**

- Understand the Connection of Disturbed Sleep and Shorter Teeth
- Understand the types of Bruxism
- Review the causes of Erosion
- Consider the How and When to restore the dentition affected by the destructive force of Erosion

Dr. Gene Santucci is an Associate Professor in the Department of Preventive and Restorative Dentistry at the University of the Pacific Dugoni School of Dentistry, San Francisco, CA where he is co-director of the Dental Sleep Mini-Residency Program, Content Coordinator for Sleep Medicine. He also holds a Masters Degree in Educational Psychology and Counseling.

Dr. Santucci has presented nationally and internationally on the topics of Dental Sleep Medicine, ADHD in Children and Sleep Related Disorders, Occlusion, Aesthetics, Temporomandibular Disorders, Photography, Functional Anatomy of the Gnathostomatic System and the Fabrication and Delivery of Night Guards. He is a published author contributing to numerous articles in refereed journals and abstracts along with a Task Force Report regarding sleep medicine, course content in dental education. His textbook contributions include: Patient Examinations in an Esthetic Dentistry Practice, Headache and Facial Pain.

Dr. Santucci has been awarded membership in the following associations: Fellow, American College of Dentists, Fellow, Pierre Fauchard Academy, Diplomate, American Academy of Integrated Pain Management, American Dental Educators Association, American Academy of Sleep Medicine, American Academy of Dental Sleep Medicine, California Sleep Society, American Association of Oral Systemic Health, American Dental and California Dental Associations. He is also a member of Catapult Education and reviews dental products for them.

Dr. Santucci's goal is to encourage all dental professionals to become the first line of defense regarding the evaluation, referral and treatment for the various types of sleep disturbances from snoring to obstructive sleep apnea in children and adults.
