## I have It... You Need It! Materials & Techniques that Move us from Reparative to Restorative Dentists!

### COURSE OUTLINE

This program is about real dentistry for real people by a real dentist! You will learn the various aspects of moving from Reparative dentistry to Restorative dentistry! Dr. Glazer will present a potpourri of the materials and techniques that he uses to make the day more productive, easier and fun! The entire dental team will benefit from learning together about the latest products that will save you money and greatly benefit your patients. Dr. Glazer's bi-monthly column by the same title appears in DENTAL ECONOMICS magazine where he reviews new products and materials.

#### Topics may include:

- Anesthesia...giving an "ouchless" injection
- Bioactivity v. Biomimicry & Antibacterial materials
- Moving from Reparative Dentistry to Restorative Dentistry
- Curing lights...to light up your life (dental)
- Desensitization & Adhesives...a sticky subject made simple
- Composites for esthetic fillings not just white ones
- Impression materials and trays...it's true...first impressions are important
- Provisional materials...provisionals should look great
- Burs...so many and so little time
- Lasers...simple, easy and quick w/ great results
- Cements...that which holds the relationship together
- Reducing Sensitivity with topical paste application & Fluoride varnishes
- Sectionals & Rings for perfect, predictable contacts every time
- Whitening systems...that work
- Oral cancer prevention...dentists can save lives!
- Patient communication...high-tech and really cool!
- Cameras intra and extraoral
- Going Digital..Scanner, Radiography & Cavity Detection...simple & easy!
- Loupes, instruments, equipment potpourri
- Saving money for you and your patients with new management applications

#### Learning Objectives:

- To learn the different types of materials in various product categories
- To learn what is faster, easier and better
- To understand the value of continual doctor/patient communication and management apps
- To understand how to utilize many of the newer bioactive/biomimicry materials that move us from reparative dentistry to restorative dentistry

Dr. Howard Glazer is a Fellow and Past President of the Academy of General Dentistry, and former Assistant Clinical Professor in Dentistry at the Albert Einstein College of Medicine (Bronx, NY). He has been a visiting clinician at several universities around the country. He is a Fellow of the American College of Dentists; International College of Dentists; American Society for Dental Aesthetics, the American Academy of Forensic Sciences, and a Diplomate of the American Board of Aesthetic Dentistry. Dr. Glazer is an Attending Dentist at the Englewood Hospital (Englewood, NJ). Additionally, Dr. Glazer is the Deputy Chief Forensic Dental

Consultant to the Office of Chief Medical Examiner, City of New York.

Ontario Academy of General Dentistry (Approval #219289)
