## Implants & Prosthodontics in 2026: Contemporary & Evidence-based Treatment Modalities

### COURSE OUTLINE

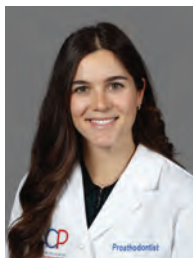

- Emulating the Esthetics of the Natural Dentition with Implants – Dr. Oliver Pin-Harry
- Implant Supported Full Arch Solutions for the Terminal Dentition – Dr. Michael Yang
- Tooth-Implant Collisions: Navigating the Evidence for Safe Placement– Dr Catherine Kucey
- Young patients, Tooth Agenesis & Dental Implants – Dr. Oliver Pin-Harry
- Digital Workflow for the Single Tooth to Full Mouth Rehabilitation: Improving Efficiency and Productivity in the Everyday Practice – Dr. Michael Yang
- Final Discussion Panel Q & A: Drs. Oliver Pin-Harry, Michael Yang and Dr. Catherine Kucey

Dr. Oliver Pin-Harry is a board-certified Prosthodontist in Canada and USA who specializes in Implants, Esthetic and Reconstructive Dentistry. He practices in Toronto at his three referral-based Prosthodontics clinics and has operating privileges at the Joseph Brant Memorial Hospital in Burlington. He earned his Doctor of Dental Surgery from L'Université de Montpellier, France and his Master of Science in Prosthodontics from the University of North Carolina at Chapel Hill, USA. He is a Diplomate of the American Board of Prosthodontics, Fellow of the American College of Prosthodontists, Fellow and Examiner of the Royal College of Dentists of Canada and the National Dental Examining Board of Canada in Prosthodontics. He is an active member of several provincial, national and international associations, including the American Academy of Restorative Dentistry and received a Research Fellowship Award from the American College of Prosthodontists for his clinical research as principal investigator on implant therapy. He teaches at The University of North Carolina and University of Toronto as Adjunct Assistant Professor and Clinical Instructor respectively where he mentors future young prosthodontists. Dr. Pin-Harry is a published author and frequently invited speaker at international meetings. He continues to dedicate time to clinical research and advanced digital technology to achieve optimal patient-centered outcomes.

Ontario Academy of General Dentistry (Approval #219289)  
Academy of General Dentistry Approved PACE Program Provider. FAGD/  
MAGD Credit. Approval does not imply acceptance by a state or provincial  
board of dentistry or AGD endorsement. 01/01/2012 - 12/31/2028

Dr. Catherine Kucey is a second-year resident in the University of Toronto's Graduate Prosthodontics Program. Originally from Edmonton, AB, she earned her DDS degree from the University of Alberta in 2020 graduating as the gold medalist. Dr. Kucey proceeded to work as a general dentist for three years in private practice which sparked her passion for comprehensive care and complex treatment planning, ultimately guiding her to pursue a specialization in prosthodontics.

Dr. Kucey is currently involved in research examining the five-year clinical and patient-reported outcomes of cast partial dentures fabricated by prosthodontists. Outside of dentistry, she enjoys playing the violin, baking, reading, and exploring the outdoors. She is always eager to try new hobbies and embraces her love for lifelong learning.

Dr. Michael Yang is a Fellow of the Royal College of Dentists of Canada and a Board Certified Specialist in Prosthodontics.

Dr. Yang's interest in Dentistry began while completing his Honours Bachelors of Science in Microbiology at the University of Toronto. He went on to receive his Doctor of Dental Surgery from the New York University, College of Dentistry. Subsequently, Dr. Yang completed his specialty certification in Prosthodontics and Master of Science degree at the University of Illinois at Chicago, College of Dentistry. His Master's Thesis involved the verification of dental implant position for Fixed Prosthesis in the edentulous patient.

Dr. Yang has extensive training in full mouth rehabilitation, pre-prosthetic surgical techniques, dental implants, aesthetics, digital smile design and computer guided surgery. He focuses on the areas of complex rehabilitation and rehabilitation in the aesthetic zone.

Dr. Michael Yang maintains private practice at M Prosthodontics in Mississauga, Ontario, Burlington Prosthodontics in Burlington, Ontario and T Prosthodontics in Midtown Toronto. He holds the appointments of Staff Prosthodontist at The Hospital for Sick Children and Instructor in Prosthodontics at the University of Toronto. Dr. Yang is a member of several associations including the Association of Prosthodontists of Ontario and Association of Prosthodontists of Canada. He lectures across Canada and internationally.
