FROM HERE TO ETERNITY

COURSE OUTLINE

This course will delve into the full palate of Dental care from diagnostics to final restoratives and maintenance protocols to help the attendees learn how to create and maintain long term success with minimal impact on the patients' health.

Minimally invasive preparation designs, restorative techniques and subsequent equipment utilized will be presented to help the participants tweak and fine tune their current procedures to help their patients. The course participants will understand Biomimetic restorative treatment protocols for more severely destroyed teeth to enhance long term success. Through complex diagnostics and case presentations the participants will understand not only how they can transition patients into more definitive care but also how to maintain these cases for long term health.

Various advanced Diagnostic technologies will be presented that will help the participants understand how these technologies can diagnose early to prevent future complex care and to intervene early to enhance success.

A practicing general and family dentist, Dr. Malterud focuses on comprehensive cosmetic and general dentistry incorporating minimally invasive biomimetic dental procedures. After graduating from of the University of Minnesota School of Dentistry, Dr. Malterud trained at the L.D. Pankey institute, completing their entire continuum on comprehensive dentistry. He received his AGD Mastership and Life Long Learning and Service Recognition award and currently sits on the AGD Foundation Board. He is a fellow in the American College of Dentists and the Academy of Dentistry International.

His commitment to dental education not only as a teacher, but also as a student, has him personally attending well over 150 hours of dental continuing education each year.

Dr. Malterud also consults with various other dental manufacturers on product development and testing and is a proud member of Catapult Education. His passion for dentistry has enabled him to lecture both nationally and internationally.
