I have It... You Need It! Materials & Techniques that Move us from Reparative to Restorative Dentists!

COURSE OUTLINE

This program is about real dentistry for real people by a real dentist! You will learn the various aspects of moving from Reparative dentistry to Restorative dentistry! Dr. Glazer will present a potpourri of the materials and techniques that he uses to make the day more productive, easier and fun! The entire dental team will benefit from learning together about the latest products that will save you money and greatly benefit your patients. Dr. Glazer's bi-monthly column by the same title appears in DENTAL ECONOMICS magazine where he reviews new products and materials. Additionally, serves on the Editorial Board for Oral Health Media, does a product series called "Beyond the Box" in which he reviews the latest products.

Objectives:

- To learn the different types of materials in various product categories
- To learn what is faster, easier and better
- To understand the value of continual doctor/patient communication and management apps
- To understand how to utilize many of the newer bioactive/biomimicry materials that move us from reparative dentistry to restorative dentistry

Dr. Glazer is a distinguished dentist, educator, and leader with extensive contributions to clinical practice, academia, and organized dentistry. He is a Fellow and Past President of the Academy of General Dentistry and a former Assistant Clinical Professor at the Albert Einstein College of Medicine. He has served as a visiting clinician at several universities and holds fellowships in multiple prestigious organizations, including the American College of Dentists and the International College of Dentists. He is also a Diplomate of the American Board of Aesthetic Dentistry. In addition to his clinical work as an Attending Dentist at

Englewood Hospital, he plays an important role in forensic dentistry as Deputy Chief Forensic Dental Consultant to New York City's Office of Chief Medical Examiner.

Dr. Glazer has received numerous honors, including recognition as a leading continuing education clinician and top dentist in New Jersey. He was awarded the Irwin Smigel Prize for excellence in aesthetic dentistry. He lectures internationally and contributes widely as an author, columnist, podcast participant, and editorial board member.
