Trusted
Digital
Solutions

Controversies are present on numerous clinical topics, but there are solutions for many of them. Gordon provides answers for these challenges:

- State-of-the-profession
- Inability to identify initial caries
- Zirconia crowns coming off in service
- Is bulk filling really working well?
- When and how to use cone beam
- Can zirconia be esthetic?
- When to remove a tooth
- The best methods to restore pediatric teeth
- Overcoming the lingering recession
- Which laser is useful and why
- Are digital impressions better?
- Which technologies should I get?
Scanning/In-Office Milling
Curing Lights/Caries Detection
Electric Handpieces/Others

COURSE OBJECTIVES

On the completion of this course attendees should be able to:

1. List ten clinical challenges facing dentists.
2. Identify potential solutions to ten clinical challenges.
3. Decide which of the challenges are most important to their practice.
4. Implement changes into their practices to overcome the challenges.

Dr. Christensen is Founder and CEO of Practical Clinical Courses, CEO of Clinicians Report Foundation and a Practicing Prosthodontist in Provo, Utah.

Gordon and Dr. Rella Christensen are co-founders of the non-profit CLINICIANS REPORT FOUNDATION. Since 1976, they have conducted research in all areas of dentistry and published the findings to the profession in the well-known CLINICIANS REPORT Newsletter.

Gordon's degrees include: DDS, University of Southern California; MSD, University of Washington; PhD, University of Denver; and two honorary doctorates.

Gordon has helped initiate the University of Kentucky and University of Colorado dental schools and taught at the University of Washington. Currently, he is an adjunct professor at the University of Utah, School of Dentistry. Gordon has presented thousands of hours of continuing education globally, made hundreds of educational videos used throughout the world, and published widely.

He is a member of numerous professional organizations.
