

Endodontic Solutions: Strategies for Performing Endodontic Treatment Predictably, Profitably and Painlessly

Friday, November 27, 2015

9:00 am - 4:00 pm

Henry Schein Toronto Branch
221 Jacob Keffer Parkway
Concord Ontario L4K 5T9
Phone: 905.832.9101

Attendees are required to bring the following:

- 2 to 3 multi-rooted teeth not mounted with straight line access cavities prepared. (Teeth must be patent to a #10 or #15 hand file)
- Loupes
- DG 16 Explorer
- All other supplies will be provided.

To Register:

Please call Linda Vespera at 905.832.9101
Ext. 4300

- **\$199 for Doctors**
- **\$99 for AGD members**

Courses subject to change. You'll find a complete list of all our CE events online at Kerrdental.com

This ONE DAY hands-on participation course addresses breakthrough concepts and details the skills necessary for acquiring the expertise and confidence to perform the highest quality endodontics. As a participant in our program, you will become familiar with the use of the "apex last" approach to canal shaping with nickel-titanium instrumentation, using Adaptive Motion Technology, predictable irrigation protocols using Apical Negative Pressure, and vertical condensation of thermo-softened gutta percha using The Continuous Wave of vertical condensation. During this exciting fast paced presentation the attendee will experience Hands On sessions throughout the day.

At the completion of this lecture and hands-on workshop, participants will understand:

- Assess the criteria for a successful endodontic procedure
- Accurately locate the apical constriction
- Shape the root canal space using nickel-titanium instrumentation. A NEW multisetting motor utilizing **Adaptive Motion Technology**, will be introduced.
- Remove the Smear layer and Biofilm using state of the art irrigation protocols.
- Obturate the root canal system in 3-D to capture the natural anatomy with the continuous wave of condensation.

Dr. Gary Glassman graduated from the University of Toronto, Faculty of Dentistry in 1984 and was awarded the James B. Willmott Scholarship, the Mosby Scholarship and the George Hare Endodontic Scholarship for proficiency in Endodontics. A graduate of the Endodontology Program at Temple University in 1987, he received the Louis I. Grossman Study Club Award for academic and clinical proficiency in Endodontics. The author of numerous publications, Dr. Glassman lectures globally on endodontics, is on staff at the University of Toronto, Faculty of Dentistry in the graduate department of endodontics, and is Adjunct Professor of Dentistry and Director of Endodontic Programming for the University of Technology, Jamaica. Gary is a fellow of the Royal College of Dentists of Canada, Fellow of the American College of Dentists and the endodontic editor for Oral Health dental journal. He maintains a private practice, Endodontic Specialists in Toronto, Ontario, Canada. He can be reached through his website www.rootcanals.ca.
