

ONTARIO AGD

3 Day Pediatric Mastertrack

TORONTO	OCTOBER 25-27	2019	FRIDAY TO SUNDAY
TORONTO	FEB 28 - MARCH 1	2020	FRIDAY TO SUNDAY
TORONTO	SEPT 25-27	2020	FRIDAY TO SUNDAY

DR. CARLA COHN

Dr. Cohn graduated from the Faculty of Dentistry at the University of Manitoba in 1991. She then went on to complete a post graduate internship in Children's Dentistry at Health Science Centre Children's Hospital. Dr. Cohn entered into private practice after graduation and dedicated most of the first decade to working and raising her three sons. She was alarmed at the rampant tooth decay she encountered in very young children, despite all of the knowledge and education available on preventing tooth decay. Dr. Cohn wanted to help these children regain their health in a quick and efficient manner and thus began her second decade in practice. Today Dr. Cohn's private practice, at Kid's Dental, the focus is on prevention. It is both pro-active and ground breaking. A system that would finally allow dentists to eradicate cavities and treat caries by risk assessment is extremely exciting. As a mother, Dr. Cohn strives to have her own children grow up cavity free.

As a dentist, after spending many years repairing and extracting decayed teeth, she looks forward to a future in which we can truly see a decline in cavities.

Terms & Conditions

The Ontario Academy of General Dentistry reserves the right to cancel any mastertrack course at any time. In such cases a full refund will be given to each participant. Participants cancelling more than 90 days prior to the course will be refunded in full. Participants cancelling less than 90 days but more than 30 days prior to the course are entitled to a refund less a \$300.00 Administration fee. Participants who cancel less than 30 days prior to the course are not entitled to a refund. Costs incurred for travel and hotel accommodations remain the responsibility of each participant.

board of dentistry or AGD endorsement. 01/01/2010 - 12/31/2021

Paediatric Dentistry for the GP

REGISTRATION: 8:00AM - 8:30AM | COURSE: 8:30AM - 4:00PM

Keep your kids IN your practice.

This course will give you practical points on how to treat your little patients well. Restorative treatment options and their clinical indications will be presented.

Indications and applications of a variety of dental materials and procedures in anterior and posterior teeth will be demonstrated, including resin infiltration, pulpotomy procedures and full coverage aesthetic options. Behaviour management, local anesthetic choice, special needs, anomalies and pathologies will be addressed and so much more.

You've heard it before - treat your kids well and your practice will soar.

COURSE OBJECTIVES

- Use a variety of restorative materials
- Learn efficient restorative techniques
- Treat anterior and posterior decay aesthetically in the primary dentition

COURSE DESCRIPTION

Paediatric Dentistry for the GP is a very practical clinical course. You will be shown the very best that children's dentistry has to offer. In this hands on workshop we will learn about and experience:

- Bioactive materials.
- Aesthetic prefabricated paediatric zirconia full coverage restorations, proper diagnosis, preparation and placement and cementation recommendations.
- Pulpal therapy diagnosis and treatment.
- Minimally invasive resin infiltration – no anesthesia or drilling required.

ALLIED CENTER | 660 Petrolia Rd, Toronto, ON
