Experience the precision and excellence we cater to our participants with hands-on workshops.

Carefully customized courses, low participant to instructor ratio at state-of-the-art facility make us the obvious choice for your Continuing Education.

Dr. Walia is an excellent teacher. He will give you technique tips that you can use on Monday morning. Hands on component was great."

- Dr. Jones Chan

"Excellent course, good content, great & enthusiastic instructor. Course material very relevant. Loved hands-on portion. Small group size great for learning"

- Dr. Jennifer Seidler, Montreal, QC

"Excellent course! The course gave me confidence to private practice and start Tx planning and complete veneer cases."

- Dr. Rachelle Laviolette, Burlington, ON

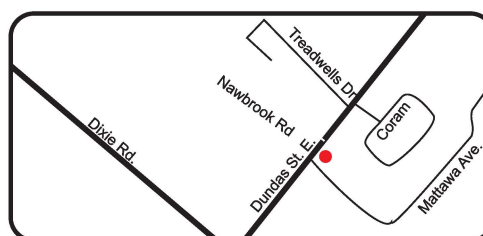

"Very impressed with both the lecture + hands-on components. Loved all the practical time + small course size. Thank you!"

- Dr. Carly Brown, Calgary

"Happy to have attended the course. Very enjoyable from start to finish. Very informative with great hands on components. ..."

- Dr. Paul Tan
