1-6600 Dixie Road, Mississauga

**Registration:** 8:00 am – 8:30 am  
**Lecture:** 8:30 am – 1:00 pm (lunch provided)  
**CE:** 3 CE Hours  
**Cost:** \$299.00 + tax

## Course Overview

Are you tired of costly remakes? Are your veneers like a box of chocolates, you don't know what you will get until you place the veneer on the tooth? Do you lack confidence in placing veneers? This program is designed to teach the students the technique of WYSIWYG – What you see is what you get! Provisional restorations are created to work out the functional and aesthetic details before you start cutting into teeth, then use those Provisionals to create predictable minimally invasive restorations that the patient has already approved so there are no more surprises and costly remakes.

Join Dr. Ron Goodlin, past President of the American Academy of Cosmetic Dentistry for a half day hands on seminar that will change the way you do cosmetic dentistry forever!

## Learning Objectives

- Smile design and mock up
- Fabrication of reduction stent
- Fabrication of transfer stent

## Ronald Goodlin, DDS

Dr. Goodlin Graduated from the University of Toronto in 1980 and has dedicated his career to the advancement of Cosmetic Dentistry. He is a popular and well sought after speaker speaking regularly across Canada, the US, Japan, Europe and the UK.

Dr. Goodlin has a practice limited to cosmetics in Aurora Ontario Canada.
